Nigerians should expect so many things towards 2023 election that will stand as a miracle or a mirage so says the Lord. Some states will collapse because they will not be able to meet up with the needs of the workers because of debt. The Lord revealed to me that Buhari will finish his second term in office though I foresee ups and downs. Of course, we need prayers to help the country so that the nation can have a better future and a good measure of what will take the country to the next level positively. Hear this, Nigeria cannot break before 2023 and there is no restructuring that this government will do no matter the protest; the Buhari government will not do any restructuring. All selfish agitators are just working in vain.

Nigeria will not be the same again towards the end of the Buhari government and this will affect the government of whoever is taking over the reign of government from Buhari. Nigeria cannot come out of poverty no matter what the government is doing, there will be no improvement it is going to get worse. The voice of God said to me that Nigeria will only try to improve so as to be able to survive the present situation.

The activities of the Cabal are really frustrating the efforts of government and this is increasing day in day out as revealed by the spirit of God.

Some companies will be indicted in government White papers on Commission of enquiries. I foresee that before the expiration of the tenure of some governors, there is going to be a lot of things that the governments at the state levels will want to do in order to put smiles on the faces of the poor. However, the more they will be doing this, the more the problems. The spirit of God says only God can help the nation. Nigeria needs prayers as the country working as one nation may be very difficult. SOLUTION: Its either we practice true Federalism or the country breaks. This might take some time; these are the options or viable alternatives that will make the staying together or otherwise be peaceful. His administration will be challenged because I foresee that his predecessor will want to fight him and will not want him to succeed. There is no amount of reconciliation that can happen between Dapo Abiodun and Ibikunle Amosun that will produce good results; this is the reason why APC must be prayerful and also re-strategize so as to come out victorious in the battle for the soul of Ogun state. If the animosity continues, APC will find it difficult. If the PDP forms a coalition it can spring a surprise at the polls in Ogun state. If the PDP picks the wrong candidate, they won't get it at all. Nobody will vote for Oladipupo Adebutu. Ogun State governor needs prayers and more work. His efforts will not be appreciated; he will get tired, make wrong pronouncements and also make series of mistakes. The spirit of God says he must retrace his steps. If Odebiyi strategizes very well, he will retain the post but will also be manipulated. He should re strategize because of too much pressure. They want to take it away from him at all cost. Gboyega Nasir Isiaka must not waste his money over the election. Biyi Otegbeye must not waste his money because he will not get it. This election will be serious. It will involve so many people and people's conscience will be taken away from them because of so much pressure.

Ogun West Senatorial primaries will not be easy in the coming year.

### **ONDO STATE**

I foresee there will be problems for the APC in 2023 towards the next election. They need to do all that is necessary in order to prevent failure in the coming year.

### **OYO STATE**

The spirit of God says the governor of Oyo state must not allow anyone to decamp from his cabinet. He must put in more efforts. I foresee a Coalition will be formed against him. The governor will make good efforts. The Party should pray not to lose any of their leaders in PDP.

I foresee the APC in Oyo state will form a special slogan for the governor. The Governor should pray and put in more efforts if he wants to retain his seat. He must not overlook anybody. He must humble himself, do more of reconciliation and also involve in extra works. If he doesn't want to engage himself in all these things aforementioned, he shouldn't bother going for a second term. God wants him for second term, he must follow due processes. He must do the needful so that he can retain the seat for second term. There will be a lot of confusion in the Oyo state APC. Getting a successful candidate in APC will be very difficult. There will be different groups with different interests. Leadership in APC will be hard. APC should pray to get the right candidate that will give it a good fight at the polls.

APC will not win if they don't bring out a credible candidate, otherwise, PDP will still retain the governor's seat. The present government will do a lot to make sure the second term is not rubbished. The PDP must change the Deputy Governor; no matter the situation. Governor Seyi Makinde needs to put his party together.

### **OSUN STATE**

The spirit of God says governor Oyetola must unite all members of the Osun State House of Assembly as well as the party members. He must work assiduously because there will be a lot of evil perpetrators that will want to frustrate his effort in order for

him not to win the second term. All the Who is who should do reconciled in the Osun State APC.

I foresee that many of his party members will want to gang up against him. Oyetola must not allow the party members to decamp and also not allow his party to break. He needs prayers to avert negativity and do the needful. They will bring negative reports about the governor. He must pray very hard so that he will succeed. Oyetola will want to change everything about his present seat. It will cause more problems, but if he puts in more efforts and pray very well, he will retain his seat.

Oyetola will want to do all he can to retain his seat for the second term. He will want to ensure that the APC excel in the coming election.

He should pray not to lose any of his Aides and loyal party members. There will be protest against his government and also negative propaganda. If he puts his house in order, he is going to record victory.

Despite the creation of Local Council Development Areas (LCDA), the LCDA will suffer financial crisis.

Ademola Adeleke election will suffer setbacks. His governorship ambition will suffer serious setbacks. Let us pray that the crisis between Ife and Modakeke will not resurface. Let us pray against any crisis between the Yorubas and the Hausas in Osun State. The Governor must be modest in his reactions to some issues about his government performances. Some people will want to dig out so many things about Oyetola. PDP will face crisis in the selection of his candidate for the coming election in 2022. The PDP will face crisis in the selection of who will contest against Oyetola. Oyetola will pay pensioners arrears and outstanding debt. Let the state pray not to lose onetime House of Assembly members. They should pray against robbery of banks. Osun State will need money for its projects. Oyetola's government will be accused by some people and some people will bring allegations against Oyetola's government. He should expect criticism from the people and be tolerant of it. He should work against leakages in his government. He will face challenges and counter challenges. He must be prayerful so that his cabinet will not do any wrong thing in his government. The state will pay debts. There will be death of a prominent politician. Let them be careful so as to avert crisis in the state. Any election that will not favour the Governor and his supporters will work against it. Only a very strong candidate can unseat Oyetola. If there is no strong opposition candidate, Oyetola will retain his seat in Osun. Within the party, a lot of people will rise to fight Oyetola. This second term will shake Oyetola.

**EKITI STATE**

I foresee that there will be kidnappings and robbery that will affect the operations of the banks there. Ekiti state people will face serious economic strangulation and live in abject poverty. Farmers will not be happy, properties and lives will not be secured. Police operatives will be killed. There will be a lot of criminal acts. The outgoing governor will make all efforts to see that he puts Ekiti in good stead.

Teachers will be queried and schools will be attacked. The efforts of the government will not be appreciated. There will be disagreement within Fayemi's caucus.

The spirit of God says this is the time that the PDP can win the elections in the state. I foresee the PDP will have internal problems to be sorted out within them. The PDP members will not agree on whom to fly the flag of the Party during the polls.

There will be disagreement in Fayemi's party. The PDP should reposition themselves if they actually want to win in the coming election. If they actually want to win, they need a sellable candidate. There will be many people coming out to contest various positions in the governorship seat in the state. There will be so many people coming out to contest for the governorship in PDP. As regards to the South-West agenda in Ekiti, some people will want to frustrate it. Only the right candidate can give PDP victory. This will bring crisis into the APC. Despite all these, some groups will come out with their own candidate. APC will want to win at all cost. PDP will accuse APC of rigging. If PDP do not allow unity among themselves, APC will win again. There will be different methods to win the election by the APC. APC and PDP, the two parties will spend a lot of money. Fayemi will be struggling to make sure that APC wins at all cost. There will be a slogan against Fayemi. The governor candidate will emerge at the primary.

Ekiti teachers will protest against the government. I foresee that the Labour Union will want to go on strike. School owners in Ekiti state will be bittered about the new government policy on education.

I foresee that the APC primaries in Ekiti state will not be democratic because the party will be pushing for the governorship seat at all cost. I foresee that the party will break protocols in order that the candidate of choice will emerge. They will promote the Southern Agenda and they will not want to frustrate it.

Ekiti APC needs to work very hard so that they can achieve victory in the coming election. The coming election needs prayers so that the election will not be too tough for the ruling party. There will be confusion in Ekiti State House of Assembly. Let us pray so that Ekiti will not lose an Oba. All the Obas in Ekiti must be prayerful for their health. The Oba of Aramoko, Igbara Odo, Oba of Ushi, Oba of Ishan, Oba of Ado-Ekiti, Oba of Igeda, Oba of Ikogosi, Oba of Otun must pray for their health and God's protection. I foresee that Ekiti state governor will be sued. Farmers will be attacked in

Ekiti state even as there will be unnecessary and unexpected gunshot in Ekiti state. Lecturers will have problems in Ekiti State.

If PDP produces a right candidate during the election, then there will be total confusion in the APC camp. The governor will be very tactical in holding the party to ransom.

The voice of the Lord said to me that PDP should be in accord in order to secure victory. So many people will contest in APC and PDP. The Governor will bought the Party members people so as to manipulate the electoral process.

The likes of Senator Bamidele, Senator Adeyeye will be coming out. They will obtain forms to contest for the office of governor.

There will be crisis in APC. They will need mediators to settle the problems otherwise; the people will vote them out.

What happened to Fayose will surely happen to the outgoing governor if he failed to listen and do the right thing

PDP should pick the right candidate because the candidate will work for them.

If PDP wants to win, these are the names of people who can give them victory:

- ✓ Segun Oni
- ✓ Eleka Olusola
- ✓ Bisi Kolawole
- ✓ Abiodun Olujimi

Although the APC will not be in one accord, however, these candidates are potential winners for the Party as revealed by the voice of the Lord. I foresee that the Ekiti election will be taken as a do or die affair. The APC must agree to field a consensus candidate that can assure the Party of victory.

APC must be careful not to have two candidates at their primaries.

There will be shooting and stealing of ballot boxes in Ekiti as the governor will want to win the election at all cost. God said election in Ekiti will be money for money.

These are the candidates who can give APC or PDP a win and also traditional rulers in Yoruba land.

Ekiti state election will favour PDP if they come out with one voice. Card readers will disappoint a lot of people in Ekiti. INEC must improve in their electoral system or else it will cause problems in Osun and Ekiti. INEC should please have plan B because this card reader will disappoint a lot of voters.

INEC will take a new step on primaries of the political parties. They will be fully involved
